SNOW, ICE AND SLUSH REMOVAL

According to Section 44-6 of the Municipal Code of the City of Auburn, the owner, occupant or lessee of any lot or lands adjoining any public sidewalk shall keep the sidewalk free from snow, ice and slush. The snow, ice and slush must be removed within 24-hours following any storm depositing such materials. Any dangerous sidewalk conditions or any accident resulting from these conditions is the liability of the property owner.

GRASS, SHRUB, TREE AND HEDGE TRIMMING

According to Chapter 259, Section 38 of the Municipal Code of the City of Auburn, it is unlawful for any owner or occupant or person having control of any lot or land to allow the growth of grass or weeds to a greater height than six inches. This includes the accumulation of dead grass, weeds and brush. It is also the responsibility of the property owner to maintain the portion of grass located between the sidewalk and the curbing or roadway. This includes around light poles, street signs, etc. Also, it is prohibited to allow hedges, shrubs, or trees to encroach onto public sidewalks and lines of sight of public roadways.

Failure to comply with these ordinances may result in fines and penalties. In the event City of Auburn forces must clean snow ice or slush or have to cut grass, weeds or shrubs to bring the premises into compliance, the property owner will be billed for these services.
